**Home Safety**

From climbing out of beds to stoking stoves and playground equipment, all children get their fair share of scrapes, cuts and bruises. While you won't always be able to keep your kids from getting hurt, most injuries occur at home and can be avoided by following a few, simple preventive measures.

Written by medical experts who specialize in pediatric injuries, *The Home Safety Handbook* provides parents with the latest safety guidelines designed to help keep your infants, toddlers and preteens safe from common accidents and hidden hazards.

**Message from the District President**  
It's another year! Another chance to face the challenges, opportunity to seek ones role in life and within the community. Let's join hands, resources, talents, and technology to achieve goals. Heads up and move mountains.  
Charles D. Lee (President, 2003)

**Community in Focus**

The officers and members of District 3860 all joined hands and adopted barangay Apas for its annual community project.

This year they have decided to make a stand against proper waste disposal and Anti-Dengue Campaign. The day was celebrated with a Mass officiated by Fr. Rod Salazar and followed up by a light almusal. Right after the group gave it all, when they started the collection and cleaning of barangay Apas.

Batch 80

asabato80.tripod.com

It has been sixteen years since we parted ways after our graduation from the High School Department, University of San Agustin. Many things have happened and it's about time that we renew our friendship and recollect our glorious high school days. I'm sure you are very eager to attend our reunion.

We are giving this invitation to ascertain if you are interested to attend the planned three-day reunion this coming May 17 - 19, 2002. The first day of the reunion will be exclusively for our batch members and is tentatively set at Hotel del Rio. The second
