We are now Online!
Venez Nurses Alumni Association
www.vnaa.net

To My Fellow Velebian:
Greetings!

Due to the advent of electronic communication the world becomes "smaller". No matter where we are, we are just a phone call away.

and with the coming of age of the internet, it has been a boom and a blessing especially for us Filipinos who have families and friends all over the globe.

We can renew friendship and camaraderie. We can exchange information especially pertaining to our chosen profession. We can also update each other personally through this website.

The venez Nurses Alumni Association, (mother chapter) is formally launching our website on January 7, 2006 to help all of us "touch base". We enjoin you to log on for updates of our upcoming activities or simply to access the website for further information on what's happening locally and internationally.

We take pleasure and are equally proud in knowing the accomplishments of our alumni who have made it locally and internationally. This could be an avenue for us to share information and be a channel of help to
